Dear Monica,

On behalf of the DMC Network, I would like to thank you for your wonderful presentations during our 2018 Annual Meeting and Client Exchange in Panama. Our partners and clients thoroughly enjoyed your entertaining and informative sessions. Your extensive knowledge of what is imperative to our wellbeing was very apparent and our attendee all walked away with many useful tools to begin improving their own ways of living.

The professionalism you showed throughout out the planning process went above and beyond. Your timely response to emails was appreciated and all the information shared prior to the event made for a seamless program once on site. It was truly a pleasure to work with you.

Thank you,

Bethany Budd
